Consultations and Discussions held for Preparing the Annual Plan

The Head of the Institution held several meetings with the concerned subject teachers. She discussed at length about the methodology and resources required to prepare the annual plan. The main objective in academics in the years to follow is academic excellence in both, Board Class Students as well as Non-Board Classes. Also it is decided to look up the areas such as reading habits, communication skills and general awareness. Since the curriculum based on NCF gives more scope for activities, knowledge transaction within the class will be made more learner-centered. Integration of ICT in teaching-Learning will give significant importance during the year. The availability of the Samsung **Smart Class** is indeed a feather in the cap of our Vidyalaya.
